The clinics we tentatively have scheduled are Andrew Harbison and Lucinda Green January and Ian Stark in the summer and another Ian in the fall.

Last year we had Ralph Hill and Andrew Harbison in January, and Ian Stark in June and October.

Any help organizing clinics would be great. Let me know who/when/where and we can work on 2008.

**New year beginning Oct 1, 2007. Renewing members \$10, new members \$20.**

I will put clinic flyers on the USEA Area III web site and email to anyone who sends me a request. You must be a member to be on the distribution list. I will forward appropriate info from many sources.

Please pass the word to anyone who does not have access to emails and the internet... I will also publish in the news letter for area III.

We have Polo shirts for sale for 20 dollars each.

We continue to grow the adult rider awards for best overall score at all area III shows- most shows added a second prize so two adult rider awards were available.

Please make check payable and mailed to: Adult Rider Program
